# AUDIO-VISUAL SYSTEMS AT TĀKINA

## TĀKINA EVENTS

# AUDIO VISUAL EVENT SERVICES

Tākina Events boasts an experienced and professional audio-visual event services department, that can facilitate a range of exclusive technical production resource and provide support services throughout your eventing journey.

The Plenary Halls and Meeting Rooms located on Level 1 and Level 2 at Tākina feature permanently installed, user friendly and intuitive audio-visual systems, allowing for ease of use, quality, and reliability, without the labour resource generally associated to install, test, and remove it, on a per event basis.

This includes networked and integrated AV systems, including laser projectors, motorised projection screens, audio reinforcement (PA's), and microphones. This equipment is included within the venue rental hire agreement, therefore is commonly referred to as 'Standard AV Inclusions'.

The following table on Pages 3 - 4 provides an overview of the available standard AV Inclusions that Tākina Events has to offer. A more comprehensive breakout down of the included equipment and services is also provided on pages 6 - 20 within this document.

Recommended presentation lighting and staging is available to book on your event at an additional cost - noted within the following table.

Hybrid and virtual technology solutions are available, along with additional options to enhance your event experience, and our friendly team of AV Coordinators will be happy to discuss these with you.

Unless provided by an approved AV supplier, if you intend to use your own equipment on the day, all equipment will require approval from Tākina Events. Approval is required at least 14 days prior to the event and may be subject to an inspection to ensure the equipment adheres to Tākina brand expectations and health and safety requirements.

For any queries, please don't hesitate to contact the Audio-Visual Event Services Team -

[AVECTeam@takinaevents.co.nz](mailto:AVECTeam@takinaevents.co.nz)

For more information on Tākina Wellington Convention and Exhibition Centre and access to general event planning guides, please check out the [Tākina - Website](#) online, and the available [Tākina - Toolkit](#)

## Tākina – Standard AV Inclusions, production lighting, and staging

Space	Standard AV inclusions									Additional costs

Keyboard and Mouse	1	HP wireless keyboard and mouse, Extron USB extender
Presenter Foldback Monitor Screen 22inch	1	HP z22, SVSI receiver
HDMI Input at Lectern for Guest Device	1	SVSI Wallplate
PC Audio for Guest Device	1	SVSI Wallplate
Wireless Handheld Microphone	4	Shure MXW2/SM58
Wireless Lapel Microphone	2	Shure MXW1/WL184

## MATIU 1A

Projection Screen	1	Screen Technics 0620029-D, 200" 4.4m x 2.5m (16:9 ratio)
12,000 Lumen High Brightness Laser Projector, Flown	1	Panasonic PT-RZ120 WUXGA
Presentation Computer installed in Rack	1	HP SFF PC
Audio Reinforcement System	1	QSC DSP, Amplifiers, 2 x QSC AD-S8T Program speakers 8 x QSC AD-C6Tceiling speakers
Control System, Touch Panel, Wall Mounted	2	QSC Control and QSC Touch Panels
Room Lighting	1	House Lights
Digital Signage Lectern	1	Lectrum L20, Panasonic 43" monitor & Brightsign
Lectern Microphone	1	Shure 412/C-X
Black Laptop Plinth	1	Portable (Lockable Wheels)
Presentation Remote Slide Advancer with Laser Pointer	1	Logitech R700
Keyboard and Mouse	1	HP wireless keyboard and mouse, Extron USB extender
Presenter Foldback Monitor Screen 22inch	1	HP z22, SVSI receiver
HDMI Input at Lectern for Guest Device	1	SVSI Wallplate
PC Audio for Guest Device	1	SVSI Wallplate
Wireless Handheld Microphone	2	Shure MXW2/SM58
Wireless Lapel Microphone	1	Shure MXW1

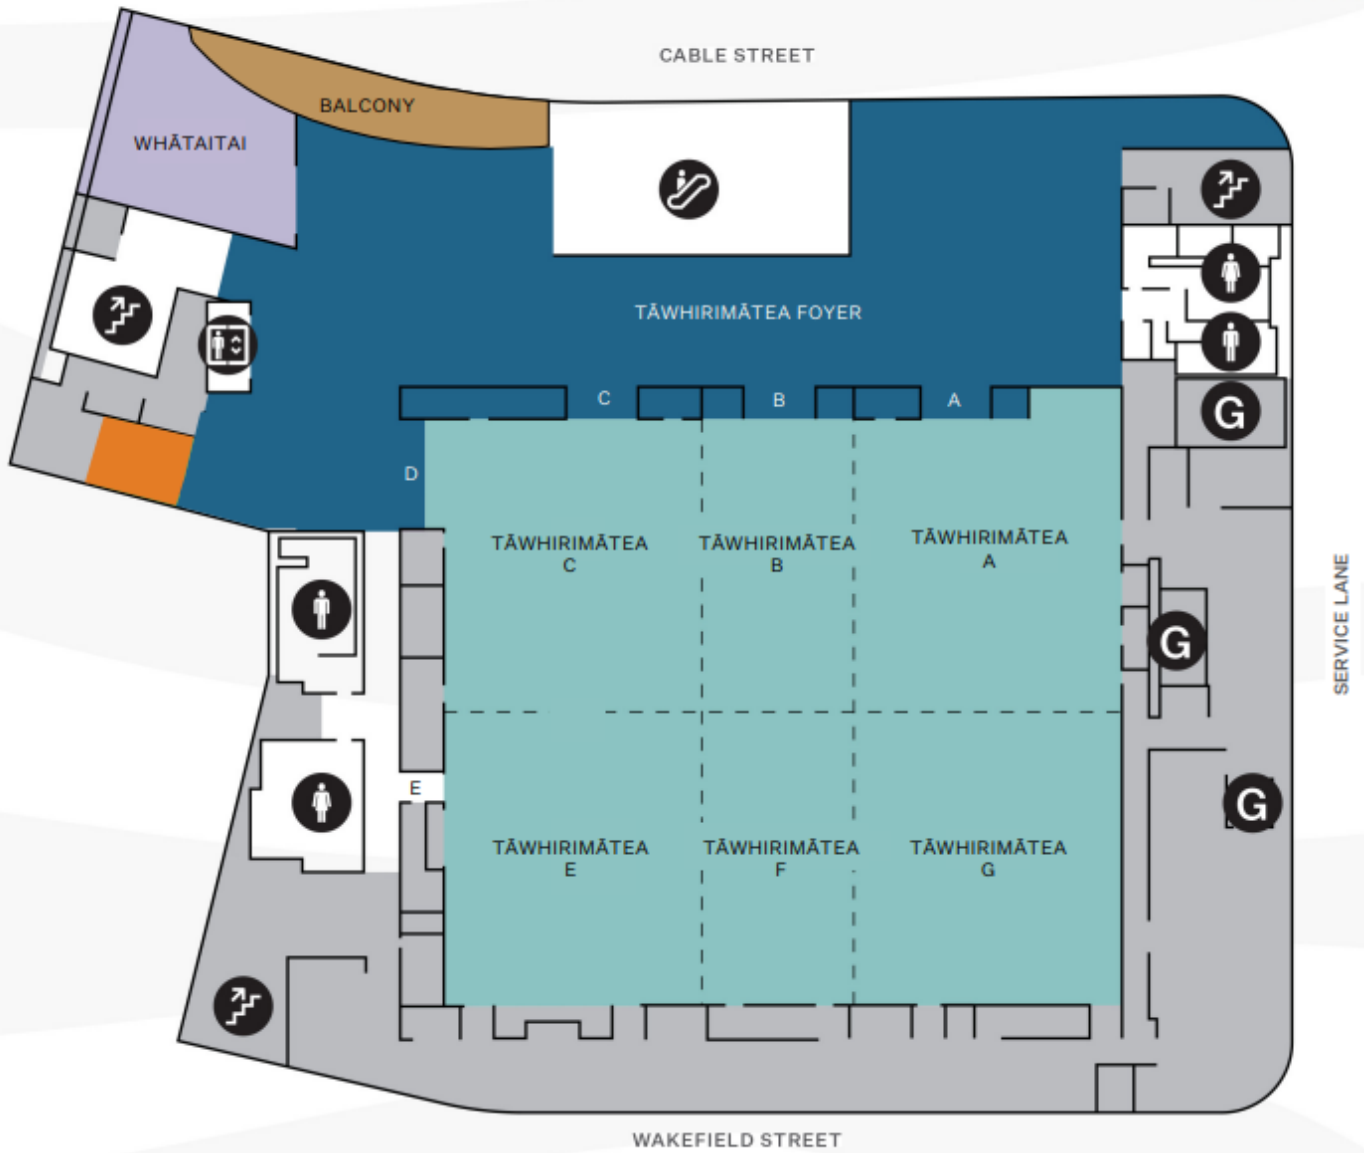

## MOKOPUNA 1B

Projection Screen	1	Screen Technics 0615029-BR, 150" 3.3m x1.8m (16:9 ratio)
5000 Lumen High Brightness Laser Projector, Flown	1	Panasonic PT-FRZ50 WUXGA
Presentation Computer installed in Rack	1	HP SFF PC
Audio Reinforcement System	1	QSC DSP, Amplifiers, 2 x QSC AD-S6T Program speakers 4 X QSC AD-C6Tceiling speakers
Control System, Touch Panel, Wall Mounted	2	QSC Control and QSC Touch Panels
Room Lighting	1	House Lights
Digital Signage Lectern	1	Lectrum L20, Panasonic 43" monitor & Brightsign
Lectern Microphone	1	Shure 412/C-X
Black Laptop Plinth	1	Portable (Lockable Wheels)
Presentation Remote Slide Advancer with Laser Pointer	1	Logitech R700
Keyboard and Mouse	1	HP wireless keyboard and mouse, Extron USB extender
Presenter Foldback Monitor Screen 22inch	1	HP z22, SVSI receiver
HDMI Input at Lectern for Guest Device	1	SVSI Wallplate
PC Audio for Guest Device	1	SVSI Wallplate
Wireless Handheld Microphone	1	Shure MXW2/SM58
Wireless Lapel Microphone	1	Shure MXW1

## MĀKARO 1C

Projection Screen	1	Screen Technics 0615029-BR, 150" 3.3m x1.8m (16:9 ratio)
5000 Lumen High Brightness Laser Projector, Flown	1	Panasonic PT-FRZ50 WUXGA
Presentation Computer installed in Rack	1	HP SFF PC
Audio Reinforcement System	1	QSC DSP, Amplifiers, 2 x QSC AD-S6T Program speakers 4 X QSC AD-C6Tceiling speakers
Control System, Touch Panel, Wall Mounted	2	QSC Control and QSC Touch Panels
Room Lighting	1	House Lights
Digital Signage Lectern	1	Lectrum L20, Panasonic 43" monitor & Brightsign
Lectern Microphone	1	Shure 412/C-X
Black Laptop Plinth	1	Portable (Lockable Wheels)
Presentation Remote Slide Advancer with Laser Pointer	1	Logitech R700
Keyboard and Mouse	1	HP wireless keyboard and mouse, Extron USB extender
Presenter Foldback Monitor Screen 22inch	1	HP z22, SVSI receiver
HDMI Input at Lectern for Guest Device	1	SVSI Wallplate
PC Audio for Guest Device	1	SVSI Wallplate
Wireless Handheld Microphone	1	Shure MXW2/SM58
Wireless Lapel Microphone	1	Shure MXW1
